Live updates from site

The **STA Live Inspections App** ensures the highest level of service and fastest turnaround time for all inspections services. SMS message confirmation is provided to the nominated contact as soon as an inspection is booked. From that moment until completion of the work, we keep you informed on inspection progress.

Comprehensive information when and where it's needed

Detailed site assessment reports are provided on completion of inspection. Up to three emails can be provided to keep all essential personnel in the loop e.g. concreter, supervisor, and construction manager. "Live Markup" on photos are provided for easy identification of conditional requirements.

Fast inspections turnaround

Our Live Inspections process allows inspections to be completed in a timely manner, whilst ensuring work has been carried out in accordance with the original approved design. Receipt of certification documentation occurs within 72 hours of inspection, or once required conditions have been met.
